Step by step

- 1 Unbox and fluff every tip in three directions: left, right and up. Premium wreaths need 20 minutes of fluffing.
- 2 Pick your 'hero' spot: the bottom center or the 5 o'clock position.
- 3 Wire one large bow at the hero spot and let the tails fall naturally. Do not trim yet.
- 4 Wire ornaments in a tight cluster of 3 to 5 around the bow, largest closest to the bow.
- 5 Add 2 small bows at about 10 and 2 o'clock to balance the hero spot.
- 6 Trim the tails into dovetails at different lengths and hang at eye level with a velvet ribbon loop.

Make it designer: hang the wreath from a long velvet ribbon tied over the top of the door, like an estate home. Keep the decorations on one third of the wreath and let the greenery breathe.
